

READ ME — LIT Investor Preview Folder

(No NDA Required)

Welcome

Thanks for taking a look at Legacy Impact Technologies (LIT). This folder contains a short set of **preview materials** designed to be easy to read personally, and also easy to hand to an advisor for diligence.

If you want access to the full diligence package (Product, Pricing, Pilot SOW + KPIs, Security/Privacy, Partnership details, and more), we'll send an **NDA via DocuSign and unlock the next folder immediately after it's signed.**

What's Inside (Preview Materials)

These are the only **seven** documents in the Preview folder (besides this Read Me):

1. **01. Pitch Deck.pdf**

The high-level story: problem, solution, why now, business model, traction/pipeline, and the ask.

2. **02. Legacy Impact Ecosystem.pdf**

A short overview of how the three-entity Legacy Impact ecosystem works together as a closed-loop model:

- **Legacy Impact Technologies (LIT):** the technology + outcomes engine (Core Four + AI Coach)
- **Legacy Impact Group (LIG):** relief vetting + readiness narrative support
- **Legacy Impact Foundation (LIF):** AI Coach scholarships + reentry gap funding to reduce drop-off at the transition point

3. **03. SAFE One-Pager.pdf**

A quick investment summary: round structure, what the raise funds, and the growth path.

4. **04. Pilot Offer – FBOP.pdf**

The no-cost pilot framing and why it's designed to convert into paid institutional deployments.

-
5. **05. Adam Bentley Clausen Bio.pdf**
Founder background and credibility.
 6. **06. Charles Duke Tanner Bio.pdf**
Founder background and credibility.
 7. **07. Ahura AI Team Bios.pdf**
The technical leadership and engineering team building the platform with LIT (execution depth, security-minded build capability, and enterprise-grade product delivery).

Recommended Reading Order (10–12 minutes)

1. **Pitch Deck** (start here)
2. **Legacy Impact Ecosystem** (how LIT, LIF, and Legacy Impact Group fit together)
3. **SAFE One-Pager** (terms + what the raise unlocks)
4. **Pilot Offer – FBOP** (how pilots are authorized + why they convert)
5. **Founder Bios** (Adam + Duke)
6. **Ahura AI Team Bios** (build partner + delivery capacity)

What to Do Next (to Access Diligence Materials)

If you're interested in reviewing the deeper diligence set (or want your advisor to review it), reply with:

1. Investing entity name (individual / LLC / trust)
2. Signatory name + email for DocuSign
3. Your intended allocation range (optional, but helpful)

Once you reply, we'll:

- send the NDA via DocuSign, and
- upon signature, grant access to the **02_DILIGENCE (NDA Required)** folder immediately.

Scalable Solutions.

Significant Impact.

Note on Confidentiality and Use

These preview materials are provided for informational purposes only. They are not an offer to sell securities, and any investment discussion is subject to definitive documents.
